Wednesday, May 29 (Graduation)	Kindergarten and Proclamation	7:00pm

School Choir Participation Policy:

Singing offers our children a wonderful way to praise God and proclaim his Word. As a part of our school's program of Christian education, students prepare songs that their respective choirs are periodically scheduled to sing in church at St. Mark's. These choirs are named Jubilation (Jr. K—grade 2), Acclamation (grades 3-4) and Proclamation (grades 5-8). All parents make a commitment that their children are present when their class is scheduled to sing in church as a condition of enrollment at St. Mark's Lutheran School. It is extremely important that this commitment is honored and that all children are present when their class is scheduled to sing to ensure that the songs of praise they proclaim are of the highest quality.

If a student is not able to attend a worship service in which his class is scheduled to sing for these acceptable reasons – illness, unavoidable family circumstances or emergencies, or special obligations at his home congregation – the student's parents need to excuse their child in writing to the teacher. Every effort should be made to provide this excuse as far in advance of the worship service as possible.
